#### AV36 scanner makes your life easier Mobile scanner

Carrying too many documents on your travels? Consider the Avision AV36 portable scanner. This is a truly portable scanner which allows you to scan documents from business card size up to legal size documents.

This lightweight and convenient scanner is powered using only the USB 2.0 port. The Avision AV36 scanner is conveniently carried along with a laptop and requires a minimal footprint on the desktop.

Using CIS (Contact Image Sensor) rather than CCD technology, this scanner requires much smaller components and space. The Avision AV36 portable scanner is an ideal solution for mobile professionals who need an economical and easy to use scanning solution while they travel.

#### Ease of use

Just a simple press of the Scan button, your document can be scanned in 24-bit color mode and in a truly optical resolution of 600 dpi. What is best, with its straight paper path, the AV36 allows you to scan plastic ID cards including your credit cards without damaging your cards.

#### What we have bundled

The Avision AV36 scanner comes with TWAIN driver and are also bundled with full version of exclusive Avision Button Manager, AvScan 5.0, ScanSoft PaperPort 11SE, NewSoft Presto! BizCard

#### Avision's Button Manager Completes your scan in a single step

Avision's state-of-the-art software application, the Button Manager, enables you to complete complex scanning task in just a single step. When the button is pressed, the scanner automatically scan your documents and convert them to a highly compressed file format, Adobe searchable PDF, or other image

# Avision AV36 Mobile Scanner

format and then send the file to a designated folder, or other destination applications such as e-mail, printer, or your favorable software application. The original step-by-step procedure is replaced with only a single touch of the button.

## Avision AvScan 5.0

-The Intelligent Document Management Tool

The AvScan 5.0 main screen

Document Imaging is the very first step of Document Management. However, poor quality images can cause serious problems to later indexing or storing processes. It may increase scanning labour costs and lowers the OCR accuracy. AvScan 5.0 ensures all documents are checked and polished at the time they are scanned such that the image quality is guaranteed before they are ready to use for other purposes.

AvScan 5.0 is an intelligent scanning and electronic filing solution. AvScan 5.0 possesses distinct features that convert and index scanned information into electronic documents for easy storage and fast retrieval.

## ScanSoft Paperport

- The Professional Choice to Organize and Share Your Documents

The PaperPort 11SE main screen

PaperPort provides the easiest way to turn paper into organized digital documents that everybody in an office can quickly find and use. PaperPort works with scanners, multifunction printers, and networked digital copiers to turn paper documents into digital documents. It then helps you to manage them along with all other electronic documents in one convenient and easy-to-use filing system.

## NewSoft-Presto! BizCard

-the global business card management

Presto! BizCard is a complete contact management solution that lets you scan, edit and synchronize business card contacts to various contact management software applications. It is the ideal tool for helping you stay in touch and organized whether your contacts business cards are printed in English or different languages.

Presto! BizCard captures and converts your business cards into a searchable and editable database. The information can be effortlessly exchanged between your laptop by AV36.
